## Your pledge of support is needed

We are thrilled that the community has pulled together to help us serve more people in the **30 year history** of our organization than ever before. Please help us **“Pave the Way”** to help those we serve have access to our building, we are asking you to consider pledging your support with the enclosed card to help us raise **\$150,000** to improve our parking lot, lighting and handicap access. **Will you join us by sending in your pledge card today?**

## Edgerton Outreach 30 Years of Service

### Project Description

The Parking Lot Paving Project is the last phase of ECO's multiple phase renovation. Currently the parking lot at ECO is gravel. Paving the parking lot will improve on the following concerns:

1. Building a drainage system to avoid standing water in the lot which freezes in the winter creating dangerous conditions and large puddles during the other months.
2. Adding lighting will increase the safety and security of our customers, volunteers, staff and building.
3. Protecting the investment of the remodel by limiting the dust and dirt that is tracked into the building on a daily basis.
4. Eliminating major potholes that can cause damage to vehicles and safety concerns.
