How the Vision for 210 West Fulton Street Evolved

VFW POST 2708

VFW Post 2708 was without a home base after the sale of its building. The money received from the sale was saved to help veterans in the future. The **City of Edgerton** was interested in saving a historic building. **Edgerton Outreach** has experience in handling homeless needs in the community. The City's leadership team saw the opportunity for these entities to come together to meet the needs of Vets - it was a match made in Heaven!

Together, they pooled their resources and talents to help serve homeless vets. The building at 210 West Fulton Street will be renovated as corporations, builders, and private and public donors come together to complete the **\$2.1M Campaign.**
