

Completing the Mission Veteran Housing & Community Center Project

Project Origin & Purpose

- **Concept Origins:** In 2021, City Administrator Flanigan and Mayor Lund identified an opportunity to preserve Edgerton's oldest building, constructed in 1854, by transforming it into a vital community resource.
- **Housing for Veterans:** The project will create six housing units with a strong focus on female veterans with families.

First Floor Community Center

- **The Freedom Kitchen:** The commercial kitchen named in memory of beloved community member Ilir Banushi will support ECO Hunger Programs.
- **Community Meeting Space:** A welcoming space for Veteran's Groups, youth & senior programs, and a rentable space for private events (e.g., baby/bridal showers, birthday parties, group meetings, family events & more).

Community Impact & Collaboration

- **Making a Dream Reality:** This perfect example of how a community can work together to accomplish more than we'd imagined.
- **Forward Looking:** The revitalization of this building will be a community resource for generations to come.

Help Complete the Mission

- **Unforeseen Structural Repairs:** Additional structural issues were discovered, raising the project cost by \$400,000.
- **We Need Your Help:** Our goal is to raise these funds by **January 31, 2025** to keep the project on track.

Thank you!

Edgerton Community Outreach expresses deep gratitude for the overwhelming community support that has brought this mission to life. Your generosity allows us to continue to serve those in need.
